

## Clarks, The "She Revolves"

Visit "[She Revolves](#)" on [MotoLyrics.com](https://MotoLyrics.com)

She says she's free  
But she's got a baby and she don't look free to me  
She don't need love  
She calls him to come home she calls him her tommy  
gun

She revolves around the sun  
She revolves around the sun

She don't need me  
Like she don't need breathing and she don't need eyes  
to see  
She says it's hard  
Berries and babies are growing in her backyard

She revolves around the sun  
She revolves around the sun  
She revolves around the sun  
She revolves around the sun

[solo]

She revolves around the sun  
She revolves around the sun  
She revolves around the sun  
She revolves around the sun
