The past I see
A place the same
From which I flee
From which I came

How long to find
Some place to hide
Will I just drive
This road, my guide

I'm falling
I'm praying for a head-on collision
So I won't have to fight anymore

This a song
The words I can't remember
Humming a song
The tune I've forgotten

Still I play it
In my mind
Because
It feels the same

So I sit and sing the song I can't remember
Because I know it's perfect
For today

I'm falling
I'm praying for a head-on collision
So I won't have to fight anymore

This a song
The words I can't remember
Humming a song
The tune I've forgotten

Still I play it
In my mind
Because

I'm falling
I'm praying for a head-on collision
I don't want to try
