[Guitar intro]
It's not hard!

It's not hard look at it.
It's not hard look at it.
It's not hard look at it.
It's not hard look at it!

The magical adventures of the sea porcupine flying
through s the sea.
He looks around for things to stab with his needles.

It's not hard look at it.
It's not hard look at it.
It's not hard look at it.
It's not hard look at it!

The sea porcupine runs into the police and then
prepares to die.
The police did not know the gay porcupine could fly.

It's not hard look at it.
It's not hard look at it.
It's not hard look at it.
It's not hard look at it!

(Guitar solo)

So he flies through the sky molesting the world and
ever lives on in the minds of little girls.The magical
adventures of the sea porcupine flying through s the
sea.
He looks around for things to stab with his needles.
