I walk down the streets and I find my self
All alone
All alone
And serching for something I don't think is
Tangible
Tangible

Sometimes things are right underneath your nose
But you don't know
You don't know

If you had it easy, we'd have it all
Had it all
Have it all

I walk down the streets and I find my self
All alone
All alone
And serching for something I don't think is
Tangible
Tangible

Sometimes things are right underneath your nose
But you don't know
You don't know

If you had it easy, we'd have it all
Have it all
Have it all

How can it be
So easy
To destroy what's been created by another

How can it be
So easy
To destroy what's been created by another
No, no, no

I walk down the streets and I find my self
All alone

All alone
And searching for something I don't think is
Tangible
Tangible

Sometimes things are right underneath your nose
But you don't know
You don't know

If you had it easy, we'd have it all
Have it all
Have it all

How can it be
So easy
To destroy
What's been created by another

How can it be
So easy
To destroy what's been created by another
Oh, no
No, no, no
