I saw you walking in the rain  
You were holding hands  
And I'll never be the same

Where should I begin? Let's see  
You said you needed space  
To clear up all the haze  
If you've really opened up to me  
How can you explain  
All this disarray

'Cause I saw you walking in the rain  
You were holding hands  
And I'll never be the same

Oh no, I'll never be the same  
Oh no, never be the same  
Oh no, I'll never be the same  
Oh no, I'll never be the same  
Oh no

The truth is always best, you see  
I walk away with dignity  
While you swim in regret  
All that keeps sparkling in my head  
Are some words you said to me in bed  
But the love you gave is the love I'll forget

Cause I saw you walking in the rain  
You were holding hands  
And I'll never be the same

Oh no, I saw you and her walking in the rain  
You were holding hands  
You were holding hands  
You were holding hands  
And I'll never be the same ...

Oh no, I'll never be the same (repeat)
