Walkin' round with my head down low think I'm losin'
my mind
Feels like somebody went and stopped time
You told me your leaving
What's left to believe in
Loves just a figment of my imagination
I would be wastin' my love on someone other than you
So go ahead baby why don't ya play

I will wait, I will wait for you
'Till the very last minute baby I'm in it
I will wait, I will wait for you
I'm a count every second, until I see heaven
Cause no time with no one will ever compare to the
moments that you and
I've shared
So yeah, I will wait, I will wait 'till your mine
'Till the very last moment of time

Now I'm rackin' my brain did I do something wrong
Every moment plays just like a song
With the melody stuck in my heart
Can't stand us being apart and you left me out of
breath
Beating is slow in my chest
I'm a mess, yeah
Well go ahead baby why don't ya play cause you know

I will wait, I will wait for you
'Till the very last minute, baby I'm in it
I will wait, I will wait for you
I'm a count every second until I see heaven
Cause no time with no one will ever compare to the
moments that you and
I've shared
So yeah, I will wait, I will wait, 'till your mine
'Till the very last moment of time

La la la la la la
Yes I will, oh baby
Said girl you can't leave on that plane and I swear

I will wait, I will wait for you
'Till the very last minute, baby I'm in it
I will wait, I will wait for you
I'm a count every second until I see heaven
Cause no time with no one will ever compare to the
moments that you and
I've shared
So yeah, I will wait, I will wait, 'till your mine
'Till the very last moment of time
