You don't wanna see hell as Vica Versa  
We gotta stop complainin and claimin that jesus cursed  
us  
My nigga Troy gave revelations inscripted in braille  
Im here to speak on the devine Revelations of Hell  
Imagine being pulled away from life for forty nights  
To witness fright beyond comprehension of human  
sight  
Though we don't see it, but this evil is spiritually  
groomed  
The demons enter from the tunnels of fear to consume  
They say the stench is unbearable for us human people  
Deadly fluids, the smell of sewage is the same as evil  
And after all this homicide who can sleep a settled  
Knowin the shape of hell is the same as the human  
vessel  
Aint symbolic yet psychotic in the same token  
The flesh was smokin from the exposure for simple  
notions  
Witness the maggots crawling at you, feel 'em and you  
learn  
Prophecy had it they would dwell and you would never  
burn  
Now how can I reply to his face, knowin I used to buy  
hella flakes  
Steady goin to buy hella weight, my demise was the  
pay  
Now Im feeling the fires of blood spillers and liars,  
making the ?????  
There be another dead soul, making it worsen than  
lead holes  
Never should've said no, to God and let go  
Now Im living in a death hole, beggin and wishin it was  
death row  
Never ending torture to torture, I used to have a porsche  
it was gorgeous  
And now Im dead in hell, wish I see God and bless his  
self  
But now the forces have ordered the courses of horror  
Murder him over and over, they put me inside a coffin,  
steady stabbin me slower

The razors penetrated higher and lower, and nothing  
indicating this will be over  
Better things, you know what forever means? Never  
ending "Hell"  
Eternal tensions from this mission this is all I mention  
"Hell"  
I know its farfetched, and most of you may not believe  
it  
But I dare you get the book, unfold it, hold it up and  
read it
