(The Clash)

This is Radio Clash

Stealing all transmissions

Beaming from the mountaintop

Using aural ammunition

With extreme prejudice

On a terminator mission

This is Radio Clash

Consider your position

Step it up, get down low

Breaking news flash

Assassination

The whole country has been shot

Evil will abate

In Revelation

In the Ministry of Whitewash

Wait, wait

Don't switch off the death

Yes, we have the latest score

(????) Islanders: 101 and Home Yard: 44

This is Radio Clash

And we count your thoughts

When lightning splits the sky in half

Sharper than a sword

And in the thundercloud

You see another cloud

Bones as big as sticks

Even angels were in hell on the morning of the sixth

Like buckets of venom in (????)

They've got a master plan

Human wars over there

And we'll come and knock 'em down

And he reaches the other side first
Gets a job in the dirty old town
And he reaches the other side first
Gets a job in the dirty old town

This is not free
This is not free Europe
No, no, no, no, no
Nor an armed force network

This is Radio Clash
Stealing all transmission
Beaming from the mountaintop
Aural ammunition

A riggy diggy dig dang dang

This is Radio Clash
Stealing information
By his will as a (???)
Use careful confirmation

Bribery, extortion
Legal legislation
Security is life indeed
Accept no other explanation

This is Radio Clash
On pirate satellite
Orbiting your living room
Everybody hold on tight
