All Good Things  
(Morten AbelBrge Fjordheim)  
If you ever would need someone  
Then think of me  
If you ever would need someone  
Then think of me  
Need you ever to love somone  
Consider me  
Need you ever to love somone  
So think of me  
Im free  
All good thing come to the one who waits  
All good thing come to the one who waits  
Since I never had to fight  
I loose easily  
Since I never had to fight  
I still believe  
Patientlythat  
All good thing come to the one who waits  
All good thing come to the one who waits  
All good thing come to the one who waits  
All good thing come to the one who waits  
If you ever would need someone  
Then think of me
