Here, making each day of the year
Changing my life with a wave of his hand
Nobody can deny that there's something there.

There, running my hands through his hair
Both of us thinking how good it can be
Someone is speaking but he doesn't know she's there.

I want her everywhere
And if he beside me i know i need never care.
But to love he is to need his

Everywhere, knowing that love is to share
Each one believing that love never dies
Watching his eyes and hoping i'm always there.

I want her everywhere
And if he beside me i know i need never care.
But to love he is to need his

Everywhere, knowing that love is to share
Each one believing that love never dies
Watching his eyes and hoping i'm always there.

I will be there, and everywhere.
Here, there and everywhere.
