Want me to tell you  
Â´bout all the love that is in my heart  
How can I tell you?  
I wouldnÂ´t even know where to start.  
There are no words that can describe  
The way you make me feel inside  
Forever yours!  
Need I say more?

Who needs the moonlight,  
All of the stars shinning in the sky?  
They canÂ´t compare to  
All of the love shinning in your eyes.  
Oh, there could never be  
Anyone else for me.  
Forever yours!  
Need I say more?

IÂ´ll be there for you  
Come rain or shine  
Until this crazy world just runs out of time  
So donÂ´t you even doubt it  
I couldnÂ´t live with it  
One single day of my life.

DonÂ´t you know  
ThereÂ´s nothing left to understand?  
Dim out the light and take my hand  
Need I say more?  
Need I say more?
