We heard this song on you stereo  
last night when you drove me back to my car

if we could ever feel that good again  
we'd sing like we were kids in love again  
like they say  
last night, all night, was the first time  
i kissed you by the dashlights, all night,  
that we fell in love with you

i dont know if you'll be home when i am  
but i've been thinking about you all day  
don't wanna spend my life waiting with shame forever

if we could ever feel that good again  
we'd sing like we were kids in love again  
like they say  
last night, all night, was the first time  
i kissed you by the dashlights, all night,  
i fell in love with you

so lovely, i would have kissed you till the world fell  
down around us  
come on

if we could ever feel that good again  
we'd sing like our love was new again  
last night, all night, was the first time  
i kissed you by the dashlights, all night,  
i fell in love with you  
i fell in love with you  
i fell in love with you  
last night.....
