I started on the bass guitar
because i thought it would be easy
but just like my life i've found
this might take a little time

am i at the break of losing me?
or just who i even know
and i just fake it every day
because i'm too scared

and its all right
i have to go away to find where i belong
you know me, i'll be the one
still acting like when everything is wrong
c'mon c'mon c'mon c'mon

thank God i didn't care to fall to with
i just didn't want your
cuz i can't stand the thought of giving up that way
and just like my parents never understand
i find the safe good every time
it must be the way i need to change

and it's all right
i have to go away to find out where i belong
you know me
i'll be the one still acting like when everything is wrong
c'mon c'mon c'mon c'mon

i remember when i used to say
you'll never stand in my way
you'll never stand in my way

and it's all right
i have to go away to find where i belong
and you know me
i am the one still acting like when everything
still acting like when everything its wrong
cmon cmon cmon cmon
