I have a demon in me
It shows its teeth and escapes
when I impatiently speak
its when i make my mistakes
It seems im prone to abuse
im just like you, im just like you
I keep my mouth shut around
the fools and liars of this town
Starting fast from their lips
They burn it all to the ground
You know if you want the truth
You'll just end up getting burned too

Will the water wash me clean
You can take it all out on me,
you can take it all out on me.

So go ahead and spit your poison out
Yeah go ahead and take your cheap shots
I've never too proud to sin,
Why don't you rub my face in it.
Yeah go ahead and spit your poison out
Yeah go ahead and take your cheap shots
I've never too proud to sin,
Why don't you rub my face in it.

You walk the walk don't you,
Talk the talk too
But in your heart you died alone
A long, long time ago.

Will the water wash you clean
You can take it all out on me,
you can take it all out on me.

So go ahead and spit your poison out
Yeah go ahead and take your cheap shots
I've never too proud to sin,
Why don't you rub my face in it.
Yeah go ahead and spit your poison out
Yeah go ahead and take your cheap shots

I've never too proud to sin,
Why don't you rub my face in it.

So go ahead and spit your poison out
Yeah go ahead and take your cheap shots
I've never too proud to sin,
Why don't you rub my face in it.
Yeah go ahead and spit your poison out
Yeah go ahead and take your cheap shots
I've never too proud to sin,
Why don't you rub my face in it.
