Warm skin, smooth lips
Our hearts are strong and toned
our tongues will speak of the unknown
I know that when I'm out here on the road,
Your ear's pressed to your phone as you wait for me
You're waiting so patiently until...

I throw caution to the wind and suck your sweet poison,
Your body is everything
As I trip on my desire I dive into your fire.
Your body is everything

Fast asleep, my chest your cheek
You softly hum a tune to me from deep within your
dreams
Your eyes tell the story of my life,
and your smile...
the reason I am still alive

I throw caution to the wind and suck your sweet poison,
Your body is everything
As I trip on my desire I dive into your fire.
Your body is everything to me

You never let me down
No, no, no, no, no
You never let me down
Whoa, oh, oh, oh, oh, oh

I throw caution to the wind
(Caution to the wind, caution to the wind)
Your body is everything
As I trip on my desire
(trip on my desire)
I dive into your fire.
Your body is everything
Your body is everything

I throw caution to the wind and suck your sweet poison,
Your body is everything
As I trip on my desire I dive into your fire.

Your body is everything
