There's a man sittin down by the 405
Hittin' some kind of tune on his ravin' guitar
He seems stranded in a dessert of a million dreams
Just like life hasn't been exactly as nice as it seems
Hello ! How are you ?
Why are you looking so sad on a day like this ?
Do you feel like talking ?
Now you got me started
I wanna see a smile on your clueless face
You could be so happy
On this brand new beautiful day
You could be so happy
Like kids gettin' ready to play
Come on and bring it on, on and on
Nothing that you do is wrong
Come along and don't drag it on
You can be so happy
You say your girlfriend is pretty yeah
She's waiting at home
Got a safe job and you can call
A little house and a chevy your own

It all seems perfect but ain't perfect just as

Boring as hell

You've been craving for this

And now you're stuck just like a snail in it's shell

All that matters is that you can

Be free to live your life the way you sincerely feel it

Cause life's too short

You don't wanna be a prisoner

Of your own illusions

And I shout it out:

You could be so happy - Yeah you got somebody to
love

You could be so happy - ain't that good enough

Ain't no use to sit and drag it on, thinking 'bout the
mess

You've done - nothing's wrong, just bring it on

You could be so happy

Na-na-na(etc)

You could be so happy

On this brand new beautiful day

You could be so happy

Like kids gettin' ready to play

Come on and bring it on, on and on

Nothing that you do is wrong

Come along and don't drag it on

You can be so happy ain't that good enough

I use to say don't drag it on

Take it by the mase you've done

Noting is wrong just don't bring it on

You can be so happy to got somebody to love

There's a man sittin' down by the 405

Got a smile on his face - thinkin': "What a wonderful
life"
