I know you've been hurt before  
Everything you do shows me  
That you're insecure  
Just listen to your heart whispering my name, mmm  
Cause all we really have in this world  
Is our trust and our faith

How could you doubt me?  
How could you ever think that I don't care about you?  
Boy, if you only knew what I feel for you  
And you would never doubt me

Oh, some things, only time will tell  
But baby, there is one thing  
You should know so well  
And when you need to see the truth, don't you realize,  
babe  
(Don't you realize) mmm  
That all you have to do is look into my eyes (look into  
my eyes)

How could you doubt me? (how could you doubt me?)  
How could you ever think that I don't care about you?  
(How could you doubt me?)  
Boy, if you only knew what I feel for you  
You wouldn't have to ask me if I really love you  
(How could you doubt me?)  
When there's not a minute of the day  
I don't think of you (how could you doubt me?)  
If you could only see what you mean to me  
And you would never doubt me  
Maybe, boy, as time goes by (time goes by)  
You'll come to finally trust  
That (trust that I) I ain't going nowhere  
[I ain't going nowhere] (going nowhere)  
(I'll be there) [oh] and I'll be there

How could you doubt me?  
(Oh, if you only knew, oh, oh)  
How could you doubt me?  
(How could you doubt me, baby)

If you could just believe  
That you don't need to doubt me (yeah  
(How could you ever think)  
How could you ever think that I could live without you  
(That I could live without you, baby, bet you, baby)  
Boy, if you only knew what I feel for you  
(You would never doubt me, baby)  
You would never doubt me  
And there's not a minute of the day  
I don't think of you (think of you, baby)  
If you could only see what you mean to me  
You, you would never, yeah  
Oh, don't doubt me
