A cooling breeze  
Runs through my hair makes me think of you  
You're always there  
All around me everywhere

It's in the air  
Your every kiss like a summer's day  
I think you know  
You take my breath away and so

I surrender  
to the power of your love  
I fall back and let you take me there  
to the place that i've been  
dreaming of  
I surrender  
When you look into my eyes  
I give in and let you take me there  
To a place where there's just you and i

It's in your eyes  
It's in your touch every  
word you speak  
My wish comes true  
Every second i'm with you

So easily  
You stole my heart now it's yours to keep  
I think you know  
You take my breath away and so

I surrender  
to the power of your love  
I fall back and let you take me there  
to the place that i've been  
dreaming of  
I surrender  
When you look into my eyes  
I give in and let you take me there  
To a place where there's just you and i

Holding on to something heaven sent  
I don't never want this love to end  
I don't never want this love to end

Holding on to something heaven sent  
I don't never want this love to end  
I don't never want this love to end

I surrender  
to the power of your love  
I fall back and let you take me there  
to the place that i've been  
dreaming of  
I surrender  
When you look into my eyes  
I give in and let you take me there  
To a place where there's just you and i
