She got red eyes
She wear dust
I went over over over
I went bust
I kissed I kissed the carpet
I climbed the curtain
I was certain
And I said yeah
Yeah

She got red eyes
She wear dust
I went over over over
I went bust
I kissed I kissed the carpet
I climbed the curtain
I was certain
But I said
Next time I look before i
Next time the carpet
Next time I look before i
Kiss the carpet should i
Kiss
Kiss
Kiss
