Out of my hands  
Something's calling  
Catch my crying  
Calling your name  
Marian  
Do no more than  
Watch you try and understand me  
Well i've found  
It worth the standing  
All around me  
All around me  
Marian  
Take my hand  
Lay beside me on the burning sand  
CHORUS  
Marian  
Only you can  
Say the words i need to hear  
Marian  
Only you can  
Make these red skies disappear  
Marian  
CHORUS  
Marian  
Can you hear me calling?  
Touch me now  
In my hour of need  
Speak to me softly  
Lay down beside me  
Marian  
I think you know  
I need you near me  
Don't try to understand  
The sun is falling  
Burning sand  
Can you hear me calling?  
Marian  
CHORUS
