Got a lot of good love, got good lovin'  
I want it; I need it, got to have your love  
Got a lot of good love, got good lovin'  
Always, always, always!  
Got a lot of good love, got good lovin'  
I know that you wanna get wi' me get wise,  
Or you never will be  
Got a lot of good love, got good lovin'

The alarm clock rings  
And you're doing your things  
In the morning  
But I'm asleep in bed  
And when I wake up  
Find you're already gone without warning  
And you never even kissed me goodbye

Got a lot of good love, got good lovin'

One time, I can forgive you now  
Two times, oh, how could you let me down?  
Leaving me lonely  
I know it's really no big thing  
I know you're in a hurry  
But don't you worry

Wake me up, wake me up  
And kiss me goodbye  
If I'm sleepin'  
When I'm dreamin'  
Wake me up and you'll see  
There's nobody that loves you like me

Got a lot of good love, got good lovin'  
I've seen how you sneak out the back door  
Try me once - won't be sneakin' no more  
Got a lot of good love, got good lovin'

One time, I can forgive you now  
Two times, oh, how could you let me down?  
Leaving me lonely

You think it's really no big thing  
Just think, while I'm here snoozin'  
It's love we're losin'

Wake me up, wake me up  
And kiss me goodbye  
If I'm sleepin'  
When I'm dreamin'  
Wake me up and you'll see  
There's nobody that loves you like me

You need some love to get started  
'Cause you can't go to work feeling broken,  
Broken hearted, sad and lonely  
You know I'd never let you down
