The stars are shining on the lane  
The flowers are in the sky  
And they keep waiting for the rain  
So they don't have to die

They built a house in our town  
That has the shape of a brain  
People will soon be moving in  
As soon as it starts to rain

Every raindrop means a lot  
One brain less for every drop  
All I can see is there are many reasons

Every raindrop means a lot  
One brain less for every drop  
All I can see is there are many reasons

The stars are shining on the lane  
The flowers are in the sky  
And they keep waiting for the rain  
So they don't have to die

Every raindrop means a lot  
One brain less for every drop  
All I can see is there are many reasons

Yeah, every raindrop means a lot  
One brain less for every drop  
All I can see is there are many reasons
