Album: "Where the heart is" movie soundtrack

Sometime it's hard you don't want to look over your
shoulder
Cause you don't want to remember where you've been
There'll come a time you die, if you could only hold her
Cause I know, that's where I am

So listen with all your heart
Hold it inside forever
You may find all your dreams have already come true
Look inside and find the part, that's leading you
Cause that's the beat of the heart

Sometimes you drown it out with all your rage and
thunder
Sometimes you drown it out with all your tears
There'll come a time, when you hear it and you wonder
Where in the world have I been?

So listen with all your heart
Hold it inside forever
You may find all your dreams have already come true
Look inside and find the part that's leading you
Cause that's the beat of the heart

No one can tell you how to get there
It's a road you take, all by yourself...all by your (all by
yourself)

So listen with all your heart
Hold it inside forever
You may find all your dreams have already come true
Look inside and find the part that's leading you
Cause that's the beat of...Oh it's the sweetest sound
Cause that's the beat of the heart
