lonesome in babylon lonesome in babylon
lonesome in babylon lonesome in babylon 2x

in a city of excess in the city light
babel stand to fall encrusted city wall

lonesome in babylon lonesome in babylon
lonesome in babylon lonesome in babylon

in a city of money for the city's fright
child off center stage must pay for city rage

lonesome in babylon lonesome in babylon
lonesome in babylon lonesome in babylon 2x

said I long for dreary souls who seek a way
distraught with tomorrow destroy today
said I long for dreary souls who slip away
distraught with tomorrow kill yesterday
with tomorrow destroy today yea yea
distraught with tomorrow kill yesterday
