Living's like sunshine for you
Holdin' my hand
Baby's breath and kiss of fire from you
Loving is everything

The touch of you is more than I can handle
So sweet and heavy

Hand over my heart, loving you
Loving you's, like a bottle rocket
I'll take my chances, round and round
Loving you's like a bottle rocket

Red lights and nights of fire only
Alone you'd be deadly
Sweet wind, the waters edge softly
Fragile, but willing

Hand over my heart, loving you
Loving you's, like a bottle rocket
I'll take my chances, round and round
Loving you's like a bottle rocket

And all this time I've changed all alone
We'll burn to dream of loving
And all the things we've done to believe
This kiss would stand for something

And all this time I've spent all alone
We'll turn to stop our running
You'd slow the moon and sun, if you could
This kiss would stand for something

Hand over my heart, loving you
Loving you's like a bottle rocket
I'll take my chances, round and round
Loving you's like a bottle rocket

Hand over my heart, loving you
Loving you's like a bottle rocket
I'll take my chances, round and round
Loving you's like a bottle rocket
