You and I we belong here
WeæŠ³e been livin?here
For a long time
We have a right to have them serve
We have a right to know whataæŠ~ going on
We have a right to have them show the way they feel

IæŠ³e been wondering if you can see
IæŠ³e been wondering if you can feel
ThereæŠ~ a fire and itæŠ~ in our home and weæŠ®e
burnin?and burnin? weæŠ®e burnin?br> When
youæŠ®e drinking your morning coffee
Do you feel the breath on your neck
If all the youth were at the White House knockin?br>
Would you whisper nobodyæŠ~ home

The wise man said the wicked surely must rule world
The deep of soul and mind were made for somethin?
more

Men of peace are drawn and slain
Born to lead but die in vain
While the shallow carry on the money war

IæŠ³e been wondering if you can see
IæŠ³e been wondering if you can feel
ThereæŠ~ a fire and itæŠ~ in our home and weæŠ®e
burnin?and burnin? weæŠ®e burnin?br> When
youæŠ®e drinking your morning coffee
Do you feel the breath on your neck
If all the youth were at the White House knockin?br>
Would you whisper nobodyæŠ~ home
