I want to live, want to live my life now  
Don't you tell me just what to do  
Party is over and now the day  
Now, put my baggage out the door.

Watch what you do boy you're living in danger  
I don't want you with me by my side  
I cannot stand you right now and any longer  
I'm not playing this time

Bridge

You and me, just tell me what you wanna do  
woa woa, It's only you and I  
You and me, now tell me what you wanna do  
woa woa, Only you and I

Chorus

Woa woa, tell me what you need boy  
Woa woa, tell me what you need boy  
Woa woa, tell me what you need boy  
It's you and me, tell me what you need boy

As I'm walking right down the street boy  
I see your face and that's right for me  
Living in silence, I can't hear my voice  
I'm in love, but I'm free

Watch what you do boy you're living in danger  
I don't want you with me by my side  
I cannot stand you right now and any longer  
I'm not playing this time

Bridge

You and me, now tell me what you wanna do  
woa woa, only you and I  
You and me, now tell me what you wanna do  
woa woa, Only you and I

Chorus

Woa woa, tell me what you need boy  
Woa woa, tell me what you need boy

Woa woa, tell me what you need boy  
It's you and me, tell me what you need boy

Woa woa, woa woa  
Woa woa, woa woa, ohh  
Woa woa, woa woa, ohh  
Woa woa, tell me what you want boy

As I'm walking right down the street boy  
I see your person and that's right for me  
Living in silence, I can't hear my voice  
I'm in love, but I'm free

Watch what you do boy you're living in danger  
I don't want you with me by my side  
I cannot stand you right now and any longer  
I'm not playing this time

Hmm Hmm, ohh  
Tell me why, tell me boy  
woa woa ohh, ohh ohh  
Tell me what you want boy  
Tell me what you want boy  
It's only you and me  
Woa woa, woa woa, ohh  
Woa woa, tell me what you want boy

Give me what you want in new  
Woa woa, only you and I  
You and me, now tell me what you wanna do  
Woa woa, only you and I

Chorus  
Woa woa, tell me what you need boy  
Woa woa, tell me what you need boy  
Woa woa, tell me what you need boy  
It's you and me, tell me what you need boy
