### "Idolatry"

We shipwrecked ourselves  
Two willing castaways, alone

Some things just don't work out  
Some things

Idol worship  
Is unsustainable  
And we worshipped love  
Until it wore us out

We cut down our last tree  
So long ago  
And now we are  
Without hope

Some things just don't work out  
Some things just don't work out

We have nothing left  
All our resources spent

Now I have your flesh  
Caught in my teeth

Some things just don't work out  
Some things just don't work out  
Some... things just don't work out

Can't build these statues/ Anymore  
Can't build these statues/ Anymore  
Can't build these statues/ Anymore  
Can't build these statues/ Anymore  
Can't build these statues/ Anymore  
Can't build these statues/ Anymore
