Did you ever write a letter and you never sent it?
Did you ever know you were wrong but you never said
it?
Or watch the one you want so much walk right out of
your life?
Days and nights trapped inside, burying your voice.
(assorted vocalizations)
Did you smile though all the while you felt as if you had
died
In a room of talking people laughing at all the right
time?
But your not there your hearts not there
And you still want them to like you
Put it on, you're a charm, crying where no one can hear
you.
