Little Girls go float upstream
Some a' them never coming' back
We are powerless to stop them
As they vanish... from our sight...

Little Boys dig tunnels
Into the ground they go
Hundreds of them, disappear
Little soldiers... on patrol

Don't want
Don't want
Don't want to be part of you world

Underneath the floorboards
In between the walls
Ev'rywhere is filled with children
Say good-bye to Boys and Girls

"We promise to be better"
Said the folks at home
"But it really doesn't matter"
Said their daughters and their sons

Don't want
Don't want
Don't want to be part of you world

Free from greed and hunger
Free from hate and war
Thousands of them altogether
We are here
And there they are

Don't want
Don't want
Don't want to be part of you world
