I can see an office cowboy  
How he turns and smiles, watching the girls go by  
(Ride'em cowboy)  
He knows how to ride a pony  
If laughter makes you well, what if the well runs dry?  
(Ride'em cowboy)

Batom - a bala bate no meu coraio  
Dentes espalhados pelo chq  
Natural  
E a vezes social

All night long, the Great Pretender  
Sat upon his throne  
Nothing can stop him now  
(Vai la cou boi)

Vq suadas, ammarrotadas  
Nota de dez, nota de vinte vai  
(Noite cai)

Hey now! It was a little taste of paradise  
Always riding in the circle line  
This poor cowboy's always on the run

Coyotes howling at the moon  
Cowboys are singing out this lonesome tune

Duas selas, dois de raÃ%-  
Dois irmqs e dois urubus  
(Sobra um)

Nq e  
It's just enough to whet my appetite  
And every cowboy needs to take a bite  
Capo d'agua  
Que caiu no chq

It's all right  
It's all right  
It's all right

It's all right

'Tou roubando m nq sou ladro
