"Sea The Swells"

Sea the swells out on the ocean
All a-movin' in a rhythm
If I didn't have to be here
I would surely be-ee there with them

I don't care-are, I don't care-are
Walk around and breathe the air-air
Drink fresh water from a fountain
Watch the sun rise from a mountain

I don't care, I don't care, I don't care, I don't care
I don't care...are...are
I don't care...are...
I don't care...are

I don't care-are, I don't care-are
Walk around and breathe the air-air
Drink the fresh water from a fountain
Watch the sun rise from a mountain

I don't care, I don't care, I don't care, I don't care
I don't care...are
I don't care...
I don't care...are
I don't care...are...are...are...
