The Damage Done

=====

Somebody tell me about the rhythm of the 4th floor

Somebody tell me about the rhythm of the dance floor

Somebody tell me about the...

I need to know about the...

Somebody tell me about the perfect bomb

The royal valley on a blitzkrieg bop

Somebody tell me how to use my gun tools

Kiss the napalm in the afternoon

I saw the film, I saw the place

I live to work for the killing sake

When I think you're knocked, when the radio died

And the rhythm played from the side

See the rebel and the damage done

See the debris and the damage done

See the wreckage and the damage done

See the film, see the damage done

Somebody tell me about the rhythm of the 4th floor

(This is the image, this is the place)

Somebody tell me about the rhythm of the dance floor

(This is the way the world will end)

Somebody tell me about the

(The waltzing men have dancing eyes)

I need to know about the

(This is the way the world will end)

Me I'm lost and the radio's dead

Now I'm relaxed and the radio's dead

The rhythm's gone, the radio's dead

And the damage done inside my radio
