Ain't coming

On detonation boulevard

Through the angel rain
Through the dust and the gasoline
Through the cruelty of strangers
To the neon dream

Long distance information
Just tell me where the manholes steam
A little girl waits on my station
With a new machine

On detonation boulevard

I got wrecked out here
In a El Dorado
I got wired, white-walled
For this hot-wired sedan

I caught somethin' weird in Ensenada
I've a brother of sorts in Torquemada
Long distance information
Disconnect me if you can

On detonation boulevard

Pink noise, white noise
And a violet whining sound
Oh it burns inside this car

No cops, no signs, no left, no right
No stops, no turning round
Well you can run but you can't ride
You won't get far

On detonation boulevard
Bang bang

On detonation boulevard

Through the angle rain
Through the rust and the gasoline
Through the cruelty of strangers
To the neon dream

Long distance information
I'll take the same
I got the fuel for the transformation
I'm a naked flame

On detonation boulevard
Bang bang
