See a body and a dream of the dead days  
A followin' of lost and blind  
Livin' far from here  
Tomorrow is a hard to find

And it seems like twenty five years of promises and  
give me more  
Scenes of a hand me down in dresses heard before

First and last and always  
Till the end of the time  
First and last and always  
Mine

Maybe it's not so easy  
Maybe it's a way to long  
Say, say you'll be by me  
When the evidence comes along

First and last and always  
My callin', my time  
First and last and always  
Mine

My callin', my time

See a place and a dream of the dead days  
A followin' of lost and blind  
Cross my heart with silver  
Here's the key behind

Seems like twenty five years of ever after ever more  
more more  
Seems I wore this face for you far too long before

First and last and always  
My callin', my time  
First and last and always  
Mine

First and last and always  
Till the end of till the end of the time

First and last and always  
Mine

First and last and always  
Till the end of the time  
First and last and always  
Mine
