GARDEN OF DELIGHT(demo 1985, AE vocal)

words and music by wayne hussey

Shimmering over all those wistful faces

And the promise burning brightly in their eyes

In this violent flesh the cut that bleeds the kiss that
stings

Desperate snows fall from d

esperate skies

CHORUS

Take my hand and lead me

To the garden of delight

Take my hand and lead me

Home.....

Reflections in the liquid windswept mirror

The breathless world elegance and charm

The treasured touch, the first touch of a stranger

It

charmed me, entranced me, no harm

So...

CHORUS

This child of death, kissing in the playground

Senses swirling, faithful to the kill

Playing with fire,a chance among the playsound

Covered in burns and turn away, they're dancing still

So...

Take

my hand and lead me

To the garden of delight

Take my hand and lead me

To the garden

Of delight

Of delight

repeat

CHORUS
