Train....

Train....

Train....

Train....

Take a walk downtown to where the victims go

...

...

...

Take a last decision and the cars to move it

Past information

Tunnel vision and the scars to prove it

Everybody got a reservation

Far beyond the black horizon

Beyond the things you know

Everybody got a destination

Everybody got a place to go

...

...

...

Take a walk downtown to where the victims go

Take your shadow to the end to the very last window

Everybody got friends got shot upside and over

Down the line

Everybody got assassinations

I got mine...

...

...

...

Take a railway track to the main attraction

Cut a hole between the ground and sky

Take a one way ticket to the pain reaction

Cross my heart and take a ride

Far beyond the black horizon

Beyond the things you know

Everybody got a destination

Everybody got a place

To go...
