The situation is gettin' boring
You're not gonna spoil another day
I don't expect you to be calling
You're always gonna act that way
You've said those lines so many times
I've heard it all before
What makes you think that I will keep
Hangin' round for more?
If you wanna be the one, be the one
Who moves my heaven and earth
You wanna be the one, be the one
Who shares my hunger and thirst
You see the other ones are hanging on, ooh-oo
They've got nothing on you
You wanna be the one, be the one
The only one
You say you're hooked on me
But where were you last night?
Because when you looked at me, yeah
You couldn't hold my eye
Saying things you never mean

It's no big surprise

Telling me that you're the one

I'm tired of the lies

If you wanna be the one, be the one

Who moves my heaven and earth

You wanna be the one, be the one

Who shares my hunger and thirst

You see the other ones are hanging on, ooh-ooh

They've got nothing on you

You wanna be the one, be the one

The only one

I've got no time for bitterness

I wanna move away from this

I've found myself somebody

Be the one, be the one

Who moves my heaven and earth

You wanna be the one, be the one

Who shares my hunger and thirst

You see the other ones are hanging on, ooh-ooh

They've got nothing on you

You wanna be the one, be the one

The only one

I've got no time for bitterness

I wanna move away from this

I've found myself somebody
