These thoughts
Can be evil and they often deceive
Gotta believe
That I can overcome
My fears
Are the worst and they always return
I never learn
Feel like I don't belong
Lost in the wreckage of a million bad dreams
Hard to function
I just need some routine
God, it's obscene
When did they stop the fun?
I knew that something must be done
To save the person I'd become
That's why I had to run away
Feel the sun
Waves crash like my emotion
Life has begun
Now I will be safe from the storm
I found the one

This angel's my salvation

I'm feeling strong

You will be there if I fall

Guilt

Is no use it will tarnish your soul

Just let it go

The battle will soon be won

Cold

In the shadow of who I should be

There's a fire burning deep inside me

Helping me see

Only I hold the key

And now I stand here unafraid

Proud of everything I've made

That's why I had to run away

Feel the sun

Waves crash like my emotion

Life has begun

Now I will be safe from the storm

I found the one

This angel's my salvation

I'm feeling strong

You will be there if I fall

There's so much energy

At last I can be free

I am the person I was looking for

Feel the sun

Waves crash like my emotion

Life has begun

Now I will be safe from the storm

I found the one

This angel's my salvation

I'm feeling strong

I'll never fall

You are there when I call
