Everyday in my thoughts
You're my one obsession
Can't go on, need a fix
This is my confession
When you're not around the nights go on
You may be with her, but with me you belong
I am the only one
I am the only one
I want you back
Whatever you do
I want you back
I've got nothing to prove
I don't care what you said
Want you back in my bed
I want you back
I want you back
Can't let go, guess you know
Now I've blown my cover
What I want, what I need
Is no other lover
Try to deny it but you know it's true

No-one can make you feel like I do

I am the only one

I am the only one

I want you back

Whatever you do

I want you back

I've got nothing to prove

I don't care what you said

Want you back in my bed

I want you back

I want you back

You can't keep running away from me

When something feels so right then it's meant to be

Like a dog with a bone I won't let go

Won't let go

Try to deny it but you know it's true

No-one can make you feel like I do

I am the only one

I am the only one

I want you back (I want you back)

Whatever you do

I want you back (I want you back)

I've got nothing to prove

I don't care what you said

Want you back in my bed

I want you back

I want you back

I want you

I need you

I want you

I need you

I want you, I need you

I want you, I need you

I want you, I need you

Ooh
