Come on

Ooh yeah

Never be the same again

I call you up whenever things go wrong

You're always there

You are my shoulder to cry on

I can't believe it took me so long

To take the forbidden step

Is this something that I might regret

(Come on come on)

Nothing ventured nothing gained

(You are the one)

A lonely heart that can't be tamed

(Come on come on)

I'm hoping that you feel the same

This is something that I can't forget

I thought that we would just be friends

Things will never be the same again

It's just the beginning it's not the end

Things will never be the same again

It's not a secret anymore

Now we've opened up the door

Starting tonight and from now on

We'll never, never be the same again

Never be the same again

Now I know that we were close before

I'm glad I realised I need you so much more

And I don't care what every one will say

It's about you and me

And we'll never be the same again

I thought that we would just be friends

(Oh yeah)

Things will never be the same again

Never be the same again

It's just the beginnning it's not the end

(We've only just begun)

Things will never be the same again

It's not a secret anymore

Now we've opened up the door

(Opened up the door)

Starting tonight and from now on

We'll never never be the same again

Never be the same again

[Left Eye (rap)]

Nite and day

Black beach sand to red clay

The US to UK

NYC to LA

From sidewalks to highways

See it'll never be the same

What I'm sayin' my mind frame never changed til you  
came and rearranged

But sometimes it seems completely forbidden

To discover those feelings that we kept so well hidden

When there's no competition

And you render my condition

Though improbable it's not impossible

For a love that could be unstoppable

But wait

A fine line's between fate and destiny

Do you believe in the things that were just meant to be?

When you tell me the stories of your quest for me

Picturesque is the picture you paint effortlessly and

As our energies mix and begin to multiply

Everyday situations

They start to simplify

So things will never be the same between you and I

We intertwined our life forces and now we're unified

I thought that we would just be friends

Things will never be the same again

It's just the beginning it's not the end

Things will never be the same again

It's not a secret anymore

Now we've opened up the door

Starting tonight and from now on

We'll never never be the same again

(Come on come on)

Things will never be the same again

(You are the one)

Never be the same again....
