English translation

I pry a little deeper into
Your silhouette
And divert your gaze away
With one finger
How does it feel like? You're so near, yet so far
I still try to reach you even if we're this close
The heart is a funny creature
Because loneliness can be
Just a itty bit on the sweet side if you wipe off
The mismatched lipstick on my lips
(Our) breath
Turns the temperature up
How does it feel like? Trying to pick a colour that won't
fade
She would purposefully adorn her gentleness
With some sharp thorns No matter what you do to me or
what happens next
If it's the thing called love that's the way it goes
A throbbing heart is so selfish
Because I'll become a naughty rose You delicately
Cast your magic spell on me
Surely you'll be third time lucky
When it turns into a kiss
Feels like that you say? The strong moonlight is enough
to
Melt both of our shadows into one
By a carelessly made promise
Love is probably
Laying down a trap somewhere No matter what you do
to
Me or what happens next
If it's the thing called love that's the way it goes
A throbbing heart is so selfish
Because I'll become a naughty rose I wanna fall deep
into this blind night
And sink into a neverending dream
So listen to what I'm going to say
I wanna hear from you
A passionate voice like no other No matter what you
Do to me or what happens next
If it can't be helped that's the way it goes
This warmth is such a liar
Because I'll become a naughty rose No matter what you
Do to me or what happens next
If it's the thing called love that's the way it goes
A throbbing heart is so selfish
Because I'll become a naughty rose No matter what you
Do to me or what happens next...
