I know the game she plays
I know the whore she is
I know the role she wants
It looks a lot like mine

I tried to take her in
I tried to make good time
I said use me up, that's exactly what she did

She had a lil' boy, she went and gave away
I told him not to worry, she'd be a comin' back again

Oh girl, now where do you go next?
If ya go where I think, then ya know I got to laugh
Oh girl, now where do you go next?
If ya go where I think then ya know I got to laugh

Oh girl, who do you think you are?
(Sympathy in numbers, sympathy in numbers)
Oh girl, where to? Who do you screw now?
(Sympathy in numbers, sympathy in numbers)

I know what time it is
I've seen all kinds in this biz
I've got this little gut that tells me
When 've had enough

I got this hidden temper that you don't wanna mess
with
I keep it way, tucked under
Till you strike, I got a bite like thunder

Don't make me finish your war
Don't make me close all your doors
Are you considerin'?
I love to fight and I love to win

Oh girl, now where do you go next?
If ya go where I think, then ya know I got to laugh
Oh girl, now where do you go next?
If ya go where I think then ya know I got to laugh

Oh girl, who do you think you are?
(Sympathy in numbers, sympathy in numbers)
Oh girl, where to? Who do you screw now?
(Sympathy in numbers, sympathy in numbers)

Aaa- aaa-aaa-aaa-aaa-aaa
That boy was lookin' fine
It was a matter of time
He started with another
She came back to shake her tail feathers

She kinda looked just like a chicken
She didn't seem so finger lickin'
He's gettin' used to what he's gettin'
And what he's got he put a cherry on top. oh
Now we've all, I
