(Stella Katsoudas/Zlatko Hukic/ Robert Hill)  
Gotta love yourself, gotta be your best friend  
Ain't nobody who'll wait on you  
when you're acting like  
you're nearing the end  
Even though it's tough  
been through so much  
What you know you take from it and shape it  
until it makes you strong  
When you find that strength,  
really can't complain  
The same stuff that brought you down  
is the same that makes you turn all around  
Over the heads, of the ones you dread  
And nothing comes between you and your higher place  
ever again/ Ever again/ Ever again  
Don't you understand me  
I don't feel anymore what I felt before

Don't you understand me  
I don't feel anymore what I felt before  
Gotta give it up, gotta stand on top  
get your feet back on the ground and  
walk away from what gets you down  
There is no time for doing the crime  
Robbing yourself of life that could be  
much like a walk in the light  
I'm not so special,  
I've come back from hell  
To realize that nothing matters  
ever unless I let it  
Unless I let it  
Unless I let it  
An invitation to me graduation  
Gotta listen to the positive message  
and take it all in  
Take it all in/ Take it all in
