When amanitas came
He could not abstain
And he took a juicy bite

He found that he could see
The forest below the trees
And she squeezed his head real tight

He knew he changed his luck
Paid a buck for corn and cluck
But something just wasn't right
Something didn't feel quite right

(Chorus)
Bum, Bum, Bum
I can feel your poison(2x)
Bum(8x)

When amanitas came
It left his brain
Feeling a tad bit sour

When the pompous one arrived
He was barely alive
She'd sucked him dry of all his power

So if you're feeling bold
Don't say you've not been told
She'll knock the ivory off your tower
and then she'll go our

(Chorus)

Now if your trousers are full of spores
And you get down on all fours
to search the ground like hungry oxen

Cause the fearless fungus friends
Your kinship has no end
Till they pump you full of toxin
haha

TOXIN!
