Back off turkey
I think I'm comin' around again
I think I'm comin' around again
I'm comin' around again

I'm comin' around with vengeance on my chin
I'm comin' around with bristles on my hide
Comin' around with hair dyed and eyes wide
I'm comin' around again

Back off turkey
I think I'm comin' around again
I think I'm comin' around again
I'm comin' around again

Oh you can sit and smell me sweat
You can sit and watch me spin
Cause I'm comin' around again
I'm comin' around again
I'm comin' around again
With both barrels blazin'
I'm comin' around again
While cows are grazin' and glass is crazin'
Around the edges
Damned if I'll smoke them Benson & hedges
I'm comin' around again
I'm comin' around again
Cause I'm comin' around again
