Ol' silk Johnson
Cruisin' up mighty fine
Got a brand new Cadillac
His buddy Conrad Smith
Rollin' down the line
Got last year's Cadillac
Johnson says, "Hey, Smitty boy,
What ya think of my spankin' Hot Cadillac?"
Smith just reeled his head back
Looked him in the eye "That's a mighty fine Cadillac"

But I'm gonna get me one better
Just you wait and see
I'm gonna get me one better
You can't get the best of me
I'm gonna get me one better
The baddest one around
I'm gonna get me one better
Cause I got the biggest balls in town

Remember ol' Khrushchev
When he was ridin' high
With that Sputnik satellite
He told us Yankee boys
He's gonna fill the skies
With them shiny new satellites
He said, "Hey Mr. Eisenhower
What you think of my Sputnik satellite?"
Ike reeled his head back Looked him in the eye "That's
a mighty fine satellite"

But I'm gonna get me one better
Just you wait and see
I'm gonna get me one better
You can't get the best of me
I'm gonna get me one better
The baddest one around
I'm gonna get me one better
Cause I got the biggest balls in town
