I go my own way, I walk my own line,  
I live by my own code, and so far I'm doing just fine,  
Don't hurt no one, do other's as I'd have them do unto  
me,  
Don't tell anyone what to do,  
but there always seems to be someone telling me  
(that).

I'm doing wrong, I'm going to hell.  
My soul's gone, an angel fell.

I ain't no profit, but it's plain to see, there won't be no  
heaven for me.

There won't be no 72 virgins waiting for me in the  
Holyland.  
No white gates, no clouds, no reincarnation.  
Because I don't read the books, I'll suffer eternal  
damnation.  
Because I need to see proof, I'm a god-damned  
abomination.

I want to believe, I wish I could.  
It would be a relief, to stop thinking and 'just do as I  
should'.

I ain't no profit, but it's plain to see, there won't be no  
heaven for me.

When I was 12, I announced "I don't believe in god".  
My momma said it was just a phase, just a passing  
thought.  
But I've got my eyes open, yeah I don't pass the buck.  
And you can tell me that I'm going to hell,  
because I don't give a flying \*\*\*\*.

They say: I'm doing wrong, I'm going to hell.  
My soul's gone, an angel fell.  
I want to believe, I wish I could.  
It would be a relief, to stop thinking and 'just do as I  
should'.

I ain't no profit, but it's plain to see, there won't be no  
heaven for me.
