Listen girls, you know what I'm saying when
You wanna call but,
You shouldn't call him,
You should wait,
It's only been a day say,
Uh oh baby I'm losing grip,
Uh oh baby I'm new to this

If you check the Tweets like,
Twenty times a week, you
Check the Facebook,
Like twenty times a day say,
Uh oh baby I'm losing grip,
Uh oh baby I'm new to this

I'm saying who who who,
Who do you love, yeah,
Who who who,
Who do you love,
It's never the right time to fall,
All this time I been losing sleep,
All this time I'm in trouble deep,
Your heart's a secret that you still keep,
Who do you love

When you're at a rave,
And he's on his way,
Now you watch the door,
You used to just dance before,
Uh oh baby I'm losing grip,
Uh oh baby I'm new to this,
Uh oh baby I'm losing sleep,
Where's the girl that I used to be

You wear the jeans,
Those sexy jeans,
So when he sees,
The boy won't ever leave,
Uh oh baby I'm losing grip,
Uh oh baby I'm new to this,
Uh oh baby I'm losing sleep,

Where's the girl that I used to be

I'm saying who who who,
Who do you love, yeah
Who who who,
Who do you love,
It's never the right time to fall in love,
I'm saying who who who,
Who do you love, yeah
Who who who,
Who do you love,
It's never the right time to fall,
All this time I been losing sleep,
All this time I'm in trouble deep,
Your heart's a secret that you still keep,
Who do you love

When's the right time,
When's the right time,
Can you tell me baby,
When's the right time,
When's the right to fall in love,

I'm saying who who who,
Who do you love, yeah,
Who who who,
Who do you love,
It's never the right time to fall in love,
I'm saying who who who,
Who do you love, yeah,
Who who who,
Who do you love,
It's never the right time to fall,
All this time I been losing sleep,
All this time I'm in trouble deep,
Your heart's a secret that you still keep,
Who do you love.
