Distractions useless
God, they're clueless
How we do this
See me through this

Dirty Secret
You're my dirty secret
Keep you locked away my
My dirty secret

Content before I came your way
Intent of mine unknown to say
Consumed was I this moment on
Presumed you'd fade, but that moment's gone...now

Pretend I'm fine
No longer blind
Released my mind
I join my kind

Dirty Secret
Precious dirty secret
Keep you by my side
My dirty secret
Content before I came your way
Intent of mine unknown to say
Consumed was I this moment on
Presumed you'd fade, but that moment's gone
Dirty Secret
Dirty Secret
Can you feel it
You best believe it

Dirty Secret
Dirty Secret
You know you feel it
Show me you need it

They tell you to change
You're not going no where
You can't stay away
This is taking over

It feels so right
And we're all you need
Get your horns in the air
Show me you believe

Content before we came your way
We're in your veins and we're there to stay
Addicted now, but you've known all along
You've found your way...you're right where you
belong...now
